CNC Series Welding Positioner

The CNC Series welding positioner is a high-end positioner, which is driven by a high-accuracy step motor with high precision, high torque and detailed control program.

Special anti-electromagnetic design.

The CNC series Welding Positioner responds quickly, starting and stopping very smoothly

CNC - 100 Welding Positioner

CNC - 300 Welding Positioner

Model	CNC - 100	CNC - 200	CNC - 300
Power Input	AC220V 50HZ	AC220V 50HZ	AC220V 50HZ
Rated Load	100Kg	200Kg	300Kg
Drive Motor	86 Step	86 Step	86 Step
Tilt Motor	/	/	DC48V 200W
Table Dim	400mm	400mm	500mm
Height of Table	520mm	520mm	650mm
Tilting Angle	0-90°	0-90°	0-90°
Rotate Speed	0.01-9.00r/min	0.01-9.00r/min	0.01-5.00r/min
Tilt Mode	Manual	Manual	Manual/Electrical
Tilt Speed	/	/	0.5r/min
Center Hole Diameter	45/75/140mm	45/75/140mm	90/130mm
Net Weight	72Kg	78Kg	102Kg
Applicable Chuck	KD-200/300/400	KD-200/300/400	KD-300/400/500
