

# EASYkleen PLUS BRUSH DC Weld Electropolisher

The EASYkleen Plus Brush is a high powered DC only unit using a patented waveform which is optimized to "shake" the surface particles loose meaning lightning fast cleaning speed.

It has a range of brush electrodes to suit all weld types. It can clean TIG, MIG and stick welds whilst providing the highest possible corrosion resistance due to it using the process of electro-polishing.

Highly portable with great reliability and very low running costs, the EASYkleen Plus Brush is a must have for any stainless steel fabricator.

A range of brush styles to suit every need
