

..... **BREAK THROUGH TECHNOLOGY!**

GT3600ES

PROFESSIONAL POWER GENERATOR

with electric start

Industrial quality, premium features, and consistent performance all combine to make the GT3600ES a great all round generator. The functional electric start complements the industrial quality, combining with the unique GT Power features like superior copper wound alternator, automatic voltage regulator (AVR) and low oil alert with automatic engine shutdown to make a generator built to last a lifetime.

Single Phase - 230V

3800W

**With the capability of running a drop saw
and all powertools the GT3600ES is
ideal for the home workshop or garage.**
