- Spring driven, automatic rewind with locking ratchet mechanism
- Dimensions: 500 x 410 x 180mm
- Weight: 14 kg

Now includes an updated \*(side to side) swivel bracket, in the box with the hose reel.

ViperFlex 3/8" premium hybrid polymer air hose is as tough as snake skin while remaining flexible at extreme temperatures from -40 up to 60°C. ViperFlex is made from space age composite materials that make it tough while being light and supple. Your air tools are heavy enough - Quit fighting with air hose that fights back. ViperFlex retains no memory of being coiled and lays out flat with no effort.
