Air Command Petrol Compressor 150L Tank, Powerdyne PDX460 Electric Start Engine

The Air Command AC16P is a high-performance petrol-driven compressor built for demanding job sites. Powered by a reliable Powerdyne PDX460 electric start engine, it delivers strong, consistent airflow for running multiple tools with ease. The heavy-duty W-type 3 cylinder cast iron pump operates at low RPM for reduced wear and longer service life. Featuring Conrader USA idle control for improved fuel efficiency, a large 150L tank for extended run times, and a robust, forklift-ready design, the AC16P is engineered for durability, productivity, and dependable performance in tough conditions.

- ✓ **Powerdyne 459cc 16hp 4 Stroke Petrol - Electric Start**
High-performance engine with push-button start, reliable power on-site with easy, hassle-free operation.
